

Can Alexa Print to my Epson Printer?

Epson printers enabled with Epson Connect are now compatible with Amazon Alexa for voice-activated printing. The Epson printer skill allows Amazon account holders to deliver voice commands. You can ask the printer to print a variety of documents, shopping lists, to-do tasks, craft materials, and calendars. This is made possible with Amazon's cloud-based voice service.

Users can print from select skills, such as Allrecipes.com, with Amazon's new skill features. Amazon, in collaboration with Epson, is making it even easier for customers to print remotely with just voice commands. This feature of the Epson printer improves productivity and connectivity. The Epson printer skill has made printing as easy as having a conversation.

You can multitask and get more work done with this printing technology. You can get this feature in the Alexa Skills Store via the Alexa app or Amazon.com. The printers that are compatible with this special feature are EcoTank, WorkForce, and Expression Printers. All you need to say is "Alexa, open Epson Printer" to get started.

- **Step 1: Register your printer in Epson Connect as follows:**
 1. On the printer's control panel, go to Settings General Settings Web Service Settings Epson Connect Services.
 2. Access Settings or Setup Epson Connect Services Register/Delete.
 3. Hit Register Start Setup.
 4. The Epson Connect Registration sheet is printed.
 5. Read the instructions on the sheet to set up Epson Connect.

6. Connect your printer.

- **Step 2:** On your iOS or Android device, go to the App Store.
- **Step 3:** Search for the Amazon Alexa app and install it.
- **Step 4:** Click the Menu icon and select Skills & Games.
- **Step 5:** Launch your computer's web browser.
- **Step 6:** Type amazon.com in the address bar and select Alexa Skills from the drop-down menu.
- **Step 7:** Make sure you're logged in to your Amazon account.
- **Step 8:** Look for the Epson Printer and choose it.
- **Step 9:** Click Enable.
- **Step 10:** Select Save Permissions.
- **Step 11:** Type Epson Connect username and password. Hit Sign In.
